

IT WILL OPEN TO-DAY

The First Services Will Be Held in the Church of Christ.

VERY BEAUTIFUL EDIFICE

There Will Be Dedication Ceremonies When the Building is Completed—To-Day's Subjects of Lecture.

The new church of Christ is to be opened to-day. No formal dedication will be made for a few weeks, as the work is not yet complete but the first services in the new edifice will be held there this morning. Elder Barnaby will preach on the subject appropriate to the occasion "The Open Door."

The evening subject will be "Not Condemnation but Salvation."

The new church is a very pretty building, and will have a seating capacity of about 800 people when pews are secured. For the present chairs will be used. The church stands at the corner of Oak and Sixth streets. There are two towers and a bell tower and one for ventilating purposes. The general style is gothic, the design of Architect Hyslop, and the pastor, Elder Barnaby. The ceiling is very high, and is lighted with electric lights. The interior is finished with oak, and there are side lights from brackets. The desk is lighted by an incandescent burner shaded by a soft colored glass.

At the right of the pulpit there is a dressing room where candidates for the baptism find accommodations. At the left there is a reception room. A handsome set of furniture was received yesterday afternoon for the pulpit, the gift of Mrs. Blake and her friends to the church. The set consists of a settee and two chairs elegantly upholstered in blue. The bell tower will be used for the morning service. The first invitation to the congregation to come and worship in the pretty new church.

A SAD ACCIDENT.

Little Emmett Page Nearly Lost His Life Yesterday.

A distressing accident befel the 4-year-old son of Mr. and Mrs. Joseph Page yesterday on Commercial street. The family has occupied for some time past one of Alderman Shovlin's houses which are being moved off of the lot at the corner of Commercial and Cedar streets. The family were notified by Mr. Shovlin of his intention of moving the house some weeks ago, but they did not want to move out, choosing rather to move with the house. So while the house was raised and put on rollers, Mrs. Page and the children still lived in it. Yesterday afternoon C. A. Barker, who was moving the building, got it out into the middle of the street, and started east with it on rollers. Children have pestered the workmen every day by getting in the way and being in constant danger. A watch as close as possible was kept on them. Mr. Barker himself had just placed the rollers for a fresh start and went from one side of the building to the other to give the signal. He did so and the horses pulled, the building rolled on and as it did so a child screamed. The ropes were slackened as quickly as possible and on running to the place the scream came from, little Emmett Page was found with one foot under a roller, on which the house rested. The poor little fellow was released as fast as crowsbar and strong men could work, and doctors summoned. The boy was taken to the hospital and the crushed limb amputated below the knee by Drs. St. Jean and St. Clair. The foot was bruised, but no bones were broken.

Just in front of the roller under which the boy was caught was a door, and it is supposed that he fell out of the house when the horses started up, as no child was around the building when Barker looked half a minute before he put the house in motion.

TO-DAY'S SPORT.

The Tribbles and Oxford Will Be at the Park.

The Oxford were a busy lot of boys yesterday. All of them who had spare time put it in at the park picking up rocks from the side of a hill's egg to bowlers from the grounds and carrying them to resting places remote from the scene of scrimmages or tackles. All is in readiness for the coming of the Tribbles. Nothing will be left undone that is possible in giving the 11 which contains the combined strength of the Walkerville and Silver Bow Junior teams a warm reception. For hospitality the Oxford are famous; they made a fine line when the Tribbles came down from Butte. The Anacanda boys even gave them the game to take home after a hard fight. This time they are not going to be so generous unless their old friends, the enemy, can play better than they did before. This is quite possible, however. The Tribbles are most of them also members of the Juniors, and the most of the present Anacanda team played in the previous game, so that practically this is to be the second game of the series.

The boys have just one request to make of the crowd that is, and that is that they keep back from the gridiron. All can get the game better by standing on the limits of the field, and if the players are hemmed in by a pack of men they cannot play ball. Manager Williams says the shade is not at any stage while there is a crowd to hinder either side. The game is to be foot ball and not a slugging match, and a spirited contest is expected.

The Tribbles have made a few changes in their team, Tonkin playing left guard in place of Lynch, and Coligan right guard in place of Holbrook. O'Neill will play left end in place of E. Brown.

The game will be called at 3 o'clock sharp.

BRUNO ARRESTED.

He Gives a \$100 Bond and Returns to Butte Again.

Bruno Mainville, who was wanted by the police for beating his woman, Jennie, one day this week was arrested by Deputy Sheriff Conley in Butte yesterday afternoon. Bruno left town on horseback immediately after his arrest, and when heard of he was at Gregson Springs. Sheriff Conley went there, but he had left there for Butte. The officer telegraphed to Marshal Tebo to know if he was there, but the police of Butte had not seen him. Conley kept on going, and while on the street cars in Butte he was giving the marshal a description of Bruno when he saw the man he wanted coming down the street. Mainville wanted to give bonds when arrested and come back on his horse, but the sheriff had no authority to permit him to go. Therefore he brought his prisoner to Anaconda. A bond of \$100 was required by Judge Fitzgerald, and last night Bruno went back to Butte after his horse.

Jennie, his victim, seems to be getting better, though still sore from her beating. The case will be tried as soon as she is able to appear in court.

ABOUT THE CITY.

Fire! Fire! Fire!

Baths—Montana Hotel barber shop, 350.

Dr. Chrisman extracts teeth without pain.

Milwaukee beer at Daly & Marron's.

The celebrated Lalla Rookh tea leads them all. For sale at Ed Devine's.

When in Butte lunch at Sherman's. Drink Harper Whiskey.

At the Evans Opera House.

What promises to be the greatest attempt in the era of realism will be seen at the Evans opera house next Wednesday evening in the melodrama of Lincoln J. Carter's "Fast Mail." The play is famous throughout the country for the completeness and magnitude of its mechanical effects. The production is under the personal supervision of its author, Lincoln J. Carter. Special scenery is carried for the 10 complete sets used in the play. In the second act a steamboat is shown with the boiler rooms and their intricate machinery, and the glowing furnaces. The boat is blown up by a tremendous explosion and the wreck is seen going down in mid river. The great railway scene is another of the unprecedented achievements of their performance in the direction of realism. A freight train of 14 cars is run across the stage with an illuminated caboose and a practical locomotive. The fireman and engineer are seen at their respective stations, look like reality itself. A mail train comes speeding by and catches the mail pouch just as every one has seen it do many times.

In the last act Niagara Falls are shown in all their natural beauty. A cataract of real water is put on the stage and it boils and foams in the most natural way. The soft moonlight adds to the effect, and the scene needs only the addition of the suspension bridge to complete the effect of reality.

The County's Roads.

County Commissioner A. M. Walker came in yesterday from the north end of the county, where he had been on the annual tour of road inspection. The roads were in excellent condition generally. The only bad stretch found was on the Big Blackfoot and this the road supervisor was instructed to remedy.

Combs La Malle, best cigar manufacturer, Havana, Cuba. Branch factory, Omaha, Nebraska.

TOO LATE FOR CLASSIFICATION.

PERSONAL—BOSSIE, IF YOU HAVE not been to see Suowden, the medium, you had better go this afternoon. He is at 321 West Galena street. I went yesterday and am going again to-morrow. Will meet you there if you prefer. Marie.

Copper City Commercial Co.

WHOLESALE AND RETAIL.

Anaconda, Montana, Sept. 29, 1895.

We are pleased to announce that our fall stock is now in and, we believe, it is the best ever brought to Montana.

We have over \$100,000 worth of new goods selected in the Eastern markets by our own buyers and bought for cash.

The combined purchase of our different stores amounted to over a quarter of a million dollars, which enabled us to buy of importers and manufacturers at the same prices paid by the largest jobbing houses in the country.

Furthermore, all of our goods were bought before the rise in prices, consequently we are in position to offer you better values than ever.

By reference to the list of our departments you will see that we are able to supply nearly all the wants of a family, and we challenge competition in every department, guaranteeing everything to be the best and prices the lowest in the city. Money will be refunded in case of dissatisfaction with anything you may buy. We promise you the best service and will also consider it a favor if you report to us any act of discourtesy or inattention shown you by any of our employees.

We aim to make ours the people's store, where everybody, rich or poor, high or low, receives the same attention, and where honest goods can be bought at reasonable prices.

We want your patronage; we shall deserve it.
